[Pavillion Test.xls](#)

Ayn,

Here is the Scribe subscription that I sent to Deb and Greg for Pavillion phases 1 - 4 data. Phase 5 has not been loaded into Scribe yet. I also ran a test of the data for Greg and that is where he had some concerns about a lack of consistency between the labs. I have attached that Excel spreadsheet.

Please let me know how you want to proceed and we will get it done as soon as we can. The time estimate from ESAT is 200 man hours based on the amount of hours required for the first four phases.

Deb and Greg,

A new Scribe.net subscription has been created and published for Pavillion Phases 1 - 4. Please see the email below with the log on information for it. I am telecommuting today. Please let me know if you have any trouble retrieving the data.

Subject: New Pavillion Scribe Subscription

Jeff/Scout,

The latest Pavillion Scribe Project (1845) is now available on Scribe.NET. The subscription information is as follows:

Subscription ID = (b)(6) privacy

Password = (b)(6) privacy

The old project (1267) has been removed from Scribe.NET to avoid confusion. Please let me know if you have any questions or require additional information.

Thank you,

Melissa Bryant
